### Where Did They Go? FBI Member To Speak at BJC

Has anyone been to a good basketball game lately? Where do all the people go when BJC plays a home game? This is a mystery that could even stump the master sleuth, Fosdick.

The Broncos have been playing a good, hard brand of ball, and even if they don't always win, there's thrills a-plenty for any basketball lover. The student turnout has been fairly good, but the Boise populace seems to have forgotten that BJC plays basketball also. Has anybody any constructive suggestions to get a better attendance at home games?

Mr. David W. Murray, a member of the local FBI department, will speak at Boise Junior College on Friday, February 25. Mr. Murray will speak at Dr. Baker's 9:00 a.m. class in room 209, and the 2:00 p.m. class in room 208.

The talk will cover the functions of the FBI, and some of their methods of operation. This speech should be of special interest to any prospective sociologists, psychologists, or criminologists. Dr. Baker urges all who are interested to attend.

## Club News

### International Relations

Members of the club are looking forward to the coming conference sponsored by the Boise Valley International Relations committee. The conference title is "Can the U.S.A. and the U.S.S.R. live in the same world?" The conference will be held at Boise Junior College, February 18th and 19th.

### Pi Sigs

Lollypops were the order of the day February 8th, as the Pi Sigs sold suckers to the "suckers"—all in a good cause though, as the proceeds went into the campaign against polio.

Members who assisted the women of Boise in their annual polio benefit held at the Miramar were Jim Dodd, Morris Taylor, Bob Coats and Don Archer.

Pi Sigs have chosen committees for their fourth annual President's Ball March 26. They include: Joe Brogdon, Gary Smithy, and Ron DeChambeau, programs; Morris Taylor, Bill Morrison and Marty Sietlaff, invitations; Jerry Whittig, Fred Fine and Bill Winkler, tickets; Glenn Affleck, Jack Olson and Don Archer, publicity; Allen Quintieri, Denny Brubacker and

Don Owens, band; Paul Walters, Jim Meyer and Bryce Peterson, decorations; Bob Coats, Arv Spoford and Tom Rhodes, Internation. General chairman is Jack Moore; co-chairman, George Beall.

### Westminster

New officers elected last week are president, Doug Lindley; vice-president, Sheri Belveal; secretary-treasurer, Bob Knoyle; program chairman, Sherry Luppins. Outgoing officers are president, Don Archer; vice-president, Fred McDougal; secretary-treasurer, Karlin Wiley.

During the closing days of the first semester, the Westminster club held a candy sale which netted \$11.24. They also heard speaker Chad Bolleck from the First Presbyterian church and went on toboggan excursions to the surrounding Boise basin hills.

### Wesley Fellowship

The Wesley Fellowship, college youth group of the First Church Methodist, is sponsoring a \$50 scholarship a year for a student to attend BJC.

To qualify for this award, one must be a BJC freshman or Boise High graduating senior planning to attend BJC next year. The student must have served in the high school or college youth group of the First Church Methodist. As this is a recognition award, the following shall be considered: scholarship, personality, sincerity and service.

The award, called the Methodist Service Award, will be presented in the spring at graduation.

### Student of the

Meet Roberta Williams more at Boise Junior

Roberta graduated High school where she was in many school activities they end there. Roberta freshman year at BJC, as a representative to the Women's Council now president of that organization. She is also a member of Phi Theta Kappa International Relations and minister clubs.

Roberta is taking a course, plans to get her of Arts degree, and continue her schooling at University of Washington.

### A Year Abroad Offered Cheap

The American Scandinavian Council for Adult Education is offering both graduates and undergraduates the opportunity of living and studying for a year in Danish folk schools or colleges. The seminar will have contact with the by learning a Scandinavian language while in the country choice, including Denmark, Norway, Sweden or Finland, of the entire nine-month period including board, room and is \$900 plus travel.

For a brochure, application blanks and further information write to: The American Scandinavian Council for Adult Education, 127 East Third Street, New York 21, New York.

Scholarships are available.

### Les Bois Progressing

Lee Carter, editor of the 1955 Les Bois, reports the book is progressing ahead of schedule this year. Three-fourths of the pictures have been taken and the cuts made, the division pages are being printed now, and within the month the first 52 pages will go to the printer.

She said the business manager, Jack Britton, had almost completed all sales and the ads already sold have been set up. Tear sheets and bills have been mailed to the advertisers.

"From now until the book goes to press," said Lee, "the staff will be occupied with writing and correcting copy. We want this book to be completely free of errors, its appearance to be the best ever."

## Latest In Sound

By Charlie Shaango

Through the history of mankind, the genius of writers has been used for almost every purpose of life. He has written music for the sheer pleasure of listening; he has written music for the march to the fields of battle and war; for dancing; for perfecting the art of love. We have a new chain in the history of music, not the creative genius of the famous conductor, but the technician whose mind has created a new world of musical sound—high fidelity!

Fidelity is the term used to describe the process by which sound is created and reproduced to such a degree of perfection that it is almost impossible to tell the sound is from a record and not a live performance. No longer is fine music the property of kings, and the people of big cities, for by the modern art of high fidelity, Chopin's music may perform in your living room.

What is Hi Fi and how does it work? In simple terms Hi Fi is the reproduction of sound as close as the original sound. To achieve this goal one needs two basic requirements: a record and a hi fi reproducing system. There are two ways to obtain a hi fi system—buy one or make one.

To make a hi fi set all that is needed is money—\$150 will do for a set time, and a small dose of mechanical know-how. The money, you buy the three parts of a hi fi system: a turntable, amplifier, and speaker. The cost of a hi fi set varies from \$25.00 to \$100.00.

But the essential element in a hi fi system is that it is running and accurate at all times. Forty dollars will buy a good table.

Amplifiers cost from \$35.00 to \$100.00. The important fact being

that they are smooth in operation and all of or most all of the range of sound. Fifty dollars will buy a fine amp with a good degree of bass and treble controls.

Last, but not least, is the speaker and they range from \$15.00 to \$200.00. The most important requirement is that they handle the power and sound range of the amplifier. Sixty dollars will buy a good speaker.

There are other elements one may add to the system but the three listed above are the basic items. To gain a better understanding of high fidelity, there are several good hi fi books at book stores selling for 75c to \$1.00 and if this article has stimulated your interest in hi fi then by all means listen to a good hi fi system, count your money, buy a few books on the subject and build a system. It is an investment you will treasure for the rest of your life.

## The Program of Brotherhood at BJC

9:45 a.m.—Brotherhood assembly in the college auditorium.

The program will be Thursday, March 3, 1955. It is sponsored by the Inter-Faith Council.

Special musical number:

Girls' ensemble.

Political Brotherhood:

Z. Reed Millar, attorney, Boise

Religious Brotherhood:

Rev. Eugene Haynes, Wright Community church.

Racial Brotherhood:

Rabbi Samuel Horowitz, Congregation Beth Aaron, Billings, Montana.

10:20 a.m.: American History, History 32, room 110, Mr. Frank A. Fahey, teacher.

"The Story of the Jew in America" by Rabbi Horowitz.

1:00 p.m.: A Survey of English Literature, English 52, room 107, Mrs. Ada Hatch, teacher. "The Literature of the Old Testament" by Rabbi Horowitz.

2:00 p.m.: Introduction to the Social Sciences, Sociology 1, Dr. Paul E. Baker, teacher, room 208 "Jewish Family Life" by Rabbi Horowitz.

Students interested in these class discussions will be welcome.

## Teacher of the Week

Meet Dr. McCann, our biology Teacher of the Week. He is from Minnesota and has been teaching here for five years. He got his B.S. and M.S. degrees at the University of Minnesota and was granted his Ph.D. at the end of this last semester from the University of Utah.

He has returned from a one-year leave of absence.

The things he likes best about BJC is its friendly faculty and student body.

## WOMEN TAKE NOTICE!

SURE, deck your lower limbs in pants;

Yours are the limbs, my sweetling. You look divine as you advance—Have you seen yourself retreating?

Reporter: "How did you happen to become an orchestra conductor?"

Famous Conductor: "When I was a wee laddie my father gave me a lollipop and I didn't want to waste the stick."

## ? Question Box ?

What improvements could be made for the Union Night dances?

Kathy Hoshaw: "The fellows seem to be afraid of the girls. They should ask more girls to dance, it would be more fun that way."

Roseann Thompson: "The boys should dance more instead of just standing around."

Sherry Luppens: "Everyone should get there on time and start dancing right away so we could have a full three hours of dancing."

Rosalee Smith: "The boys who don't dance should stay away because they take up space which the girls who don't dance, but want to dance, could use."

Pete Wyman: "I think they're pretty nice. I don't have too many kicks. There could be more girls, though."

Jerry Hedrick: "Everybody should come."

Jacquie Van Patten: "The girls should hang up their coats downstairs instead of taking up room in the lounge."

Ron DeChambeau, Allen Quintieri and Morris Taylor: "There should be more 'ladies' choices and a better selection of music. Also, there should be a progressive dance at the first in order to get everybody started."

## Speech Instructor Attends Conference

Harold Wennstrom, Boise Junior College speech instructor, left Wednesday morning for Santa Rosa, California, to attend the Northwest Drama conference on the campus of Santa Rosa Junior College, February 10, 11, and 12.

Wennstrom said the area comprising the conference includes everything north from San Francisco and west from Denver.

He added that besides the usual discussion of problems connected with drama production, the delegates will have the opportunity to see presented "The Crucible" by Arthur Miller, "Misalliance" by George Bernard Shaw, "Gammer Burton's Needle" and "Death of a Salesman" by Arthur Miller.

## Attend Conference

Selected by the International Relations club to attend the Pacific Northwest Conference of International Relations clubs was Rod Walston. He accompanied Miss McBirnie to Tacoma, Wash. for the conference, which was held February 10, 11, and 12, on the campus of the College of Puget Sound.

"World Problems of Security and Well-being" was the central theme of the conference. In addition to prominent speakers in this field, students shared their ideas in discussion groups. Security problems included regional security arrangements in Europe and in Asia. Well-being dealt with the "atoms-for-peace" plan, technical assistance, and trade.

## \$4000 Contest Open To Students For Original Ideas

Television producers and directors over the country are looking for writers with fresh, new ideas. They want stories which show depth, warmth and originality.

The Christophers, who work on a non-profit, public service basis, to encourage talent, are sponsoring the \$4000 Christopher contest. This contest is open to any college student in the United States and Canada. If you should win, your television story would be put on 256 television stations.

Contestants have a choice of four subjects. They are: (1) Teenagers Can Shape the Future; (2) Improving Labor Relations; (3) Earnings and Property—the Right of All; and (4) Changing the World Through the Housewife.

The Christophers do not want television script but merely basic stories of about 1000 words from which a professional writer can develop a dramatization. English teachers can give any additional information needed. The closing date of the contest is March 31, 1955. All entries should be addressed to: Christopher College Student Contest, 18 East 45th Street, New York 17, New York.

For more information inquire in Mr. Gottenberg's office, room 118.

Would the person who picked up the wrong gray top coat at the Student Union please notify Don Moore.

## Dixie Falls 96-73; Moore Paces Broncos

Paced by Don Moore's 23 points, the BJC Broncos burned the hoop netting for 96 points, to defeat Dixie College 96-73 in the Boise high gym, February 4th.

The Graff cousins of Dixie made it rough for BJC in the first half by throwing in 26 points between them. This scoring effort enabled Dixie to be on the long end of a 42-40 half-time score.

The second half was all BJC's, however, as the Broncos piled in 56 points to Dixie's 31, and held the Galloping Graffs to a single field goal apiece.

This win gave BJC a conference standing of 7-3, and dropped Dixie into a 6-4 slot.

Now he has it, now he hasn't. Paul Sereduk is slightly confused as to which Trotter has the ball—seems as if Paul had trouble putting his finger on the ball. Looking on in amusement is Bedard.

## CSU Broncos Outrun BJC Broncos By Nose

In a battle of the Broncos, Feb. 3, BJC's Broncos were edged out by CSU's Broncos 72-71 in a real thriller at the BHS gym.

With only 14 seconds left and BJC trailing 72-70, Art Bedard was fouled by CSU's Don Floyd. Art's first shot was good, but he missed his second try and CSU grabbed the rebound and hung on till the buzzer sounded.

About five minutes remained when CSU broke loose with six quick points and it looked like the ball game. Then BJC caught fire, but the rally fell short by one point.

Stoker, who started the game on the bench, led the scoring race with 23 tallies for CSU. Moore had 15 for Boise.

She: "How about a date, handsome?"

Student: "Can't. Gotta get some sleep."

She: "Why?"

Student: "Tomorrow's my big day—gotta shave."

## Students Wanted In Broncos Down Ricks Co-Rec PE Classes

People are needed to fill some of the co-rec and women's PE classes this semester.

Fifteen men and women are needed to fill out the PE 53d class of rhythmic swimming and trampoline work. This class meets at 3 p.m. on Monday and Wednesday at the Y.M.C.A. and is taught by Champ Lake.

A few women students can be taken in the PE 53c beginning and intermediate swimming on Thursday nights at the Y.M.C.A. under Mrs. Wilma Davis.

Lots and lots of women students are needed in PE 36b, the social dancing class, on Wednesday and Friday at 10:20 in the ballroom. A lot of men need partners for this class. Here's your chance gals.

Students had better check with Mrs. Boyles before signing up for any of these classes.

## Broncs Down Ricks Intramurals

BJC's Broncos proved too wild for the Vikings from Ricks College to handle. The Broncos ran away from the Vikings in two home games by scores of 87-63 and 79-59 to gain a four-way tie for first place in the conference.

Reserve guard Don Moore came off the bench both nights to spark the Bronco attack with 23 and 20 points. This was good for scoring honors each night.

Those attending the games probably noticed a familiar figure in a Viking uniform, Jim Hill, former Bronco and brother of Jerry Hill, who started this season with the Broncos, and is now showing his basketball skill as a Ricks College Viking.

## Hoop Squad to Ogden

On February 25 and 26 the Broncos will be in Ogden, Utah, for the NJCAA Region 4 basketball tournament. Teams from Idaho, Utah, Montana and Wyoming will participate. The winner of this tourney goes to Wichita, Kansas, for the national playoffs.

Good luck, Broncos. Next stop is Wichita.

## Broncs Bust Carbon On Home Court

Coach Blankley's Broncos lucked, kicked, stomped and just plum ran away from the Carbon College Eagles Friday night in the BHS gym. The Broncos dumped the Eagles 77-49 for their eighth league win against three defeats.

An 8-7 lead in the early minutes was as close as the Eagles came to the runaway Broncos. Then Nelson, the Bronco pivot man, hit on a jump shot and the Broncos were ahead to stay.

Several of Carbon's Eagles demonstrated good hook and jump shots but a tight Bronco defense kept them shooting from the outside most of the time. The Eagles showed plenty of fight even though they were far behind. Several times they stole the ball and went the length of the floor for lay-ins.

Coach Blankley used his reserves freely late in the first half and the regulars started the second half. The regulars spent most of that period on the bench watching the subs workout. Everyone got into the line-up and almost everyone scored.

Moore led the scoring with 12 counters for the Broncos. Goin contributed 10 points to the Bronco cause. Johnson and Brown had 9 each for the losers.

## Globetrotters Whirlwinds Hoop Wizard

Paced by Bevo Francis Hall the Boston Whirlwinds of the Harlem Globetrotters put on an amazing show of skill at the BHS gym night, February 9.

In the first action of the Whirlwinds tangle BJC Broncos. Paced by collegiate flash from College, Bevo Francis, winds blew by the Broncos in a shortened contest.

The famous Globetrotter took the floor against the Comic Bob Hall sparked the Trotters to a 37-17 victory, only leads the Trotters routine but is one of pivot men in basketball.

During a short in Cartland and Reisman strated their table tennis.

After the intermission the Trotters and Whirlwinds took against each other. The Trotters beat the Whirlwinds 41-39. Included in the Trotters' tricks were several balls and their usual basketball plays.

Featured between the Trotters-Boston go a top flight juggling acts. Hasso of Italy included such things as picking balls with one hand and 12 colored hoops at a time. Elmar of Australia put on an amazing show of balanced juggling. He complicated balancing on a slack wire.

## IK's Win Game (?)

As a result of a grudge and a challenge by the IK's an exhibition basketball game was played in the BJC gym with the Pi Sigma opposing the IK's on February 3. The IK's managed to win a hard-fought battle that went into an overtime period.

By losing this if you will pardon the expression game, the Pi Sigma had to donate \$10 to the Polio fund in the IK's name.

Rumors were heard after the game that the IK's not only had to play the Pi Sigma team but the Pi Sigma's scorekeepers and timekeepers as well.

## Snow Loses Kirby

One of Snow College basketball players, Gordon was declared ineligible by termountain Collegiate Conference. Kirby dropped Colorado A and M without the necessary credit.

Since Kirby has been better than 20 points per game, Snow appealed the decision.

Snow had to forfeit all games in which Kirby played. Kirby dropped Snow into the

Nelson, 72; Sereduk, 54; Moore, 51; are literally up in the air as they grab for a rebound against Carbon.

## LITTLE MAN ON CAMPUS

by Dick Miller

"Class—the odds are 40-1 that someone in here will flunk. Of course, he should decide to drop this course."
